## REASONS FOR ALLOWANCE

• The following is an examiner's statement of reasons for allowance:

The claims 1-8 and 10-28 are allowed as amended over the arguments by the applicants filed with the amendment after final on 01/22/2004 and the prior art of record that neither teaches nor fairly suggestive of an electrically conductive polymeric article and a method of making the electrically conductive polymeric article meeting the limitations of the instant claims by the applicants.

The contemporary state of the art on forming electrically conductive films of Polyaniline by doping with viologens was shown by Zhao et al (Synthetic Metals, 2001, 123, Pgs 263-266) and Ng et al (J. Phys. Chem. B. 2001, 105, 5618-5625) and both the disclosures can not be a prior art for the instant application. The prior art of record neither teaches nor fairly suggestive of the limitations of the instant claims by the applicants.

- Any comments considered necessary by applicant must be submitted no later than the
  payment of the issue fee and, to avoid processing delays, should preferably accompany the
  issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons
  for Allowance."
- Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kallambella Vijayakumar whose telephone number is 571-272-1324.
   The examiner can normally be reached on M-Th, 07.00 16.30 hrs, Alt. Fri: 07.00-15.30 hrs.
- If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Dr. Yogendra Gupta can be reached on 571-272-1316. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
